

Wine makes every meal an occasion, every table  
more elegant, every day more civilized.  
—Andre Simon  
(20th Century French wine merchant)

At The Chophouse, we are infinitely passionate about our wine.

Every wine that makes it to our list is tasted and analyzed by our sommeliers. We take great pain to source the finest wines from the best producers, the world over. All our wines are stored in our temperature and humidity controlled wine cave, at 16°C, the optimum temperature for storing, the wine reaches its optimum drinking condition ages gracefully.

Whilst you will find many wines that you are familiar with from well-known regions, wines that you have tried before and will be comfortable ordering. At The Chophouse we strive to offer new experiences, we therefore ask you to allow our sommeliers to tempt you with newly discovered wines, truly remarkable wines from places such as Syria and the Lebanon, Provence, Sardinia, Umbria and le Marche to name a few.

Apart the large selection of 50 odd wines available by the glass, we also make use of the revolutionary Coravin system. Our Coravin allows us to pour wine from a bottle without ever opening it thus not allowing oxygen to enter the bottle. Simply ask our sommelier for the list of available wines - this could include a renowned Chateau or exclusive vintage.

Our sommeliers are trained by the best people and to the highest standards and are fully knowledgeable about the wines and their respective vintages. They can suggest food pairings, discussed with our Chefs. We are at your disposal to suggest a wine that will suit your taste, complement your food and fit your budget. All our wines have been tasted and we recommend them all, irrespective of price or provenance.

We wish you a truly unforgettable evening - for the right reasons of course

## The Chophouse recommends...

### **Bodega Norton, Lujan de Cuyo– Torrontes 13.5% a.b.v. - €25**

Versatile and expressive are two key-words to describe this wine. Our Chef first tasted this wine during an outside wine event which we organised. The marriage with the seabass ceviche dish with grapefruit and lime was outstanding and brought out the best in both the food and the wine. The torrontes grape, often compared to Gewurztraminer, produces extremely aromatic wines, especially when grown in such elevated areas as is customary in Argentina, giving time for the grape to develop a highly aromatic character. Chef recommends you pair this with the Ceviche or Soft-Shell Crab.

(Recommended by Marc Coetzee – Restaurant Executive Chef)

### **Nicolas Joly, Savennieres, 'Les Vieux Clos' – Chenin Blanc - €67**

“Truly one of the greatest dry white wines I have ever had the fortune of tasting. Even though it is sublime just after popping the cork, this is one of those whites that needs decanting, YES DECANTING! I was lucky enough to try this with Philippe Martinet (the importer) two days after he opened a bottle and it was just fantastic; hints of chamomile, honey and ripe stone fruits.” Made using Organic and Biodynamic farming, we recommend this special bottle to our return clients, and suggest they inform us to open the bottle the day before to drink in order to show its true colours. Try as an aperitif on its own or with

(Recommended by Jamie Christie)

### **Morella, Salento, 'La Signora' -Primitivo 15% a.b.v. - €85**

“This wine just keeps giving you surprise after surprise in your glass. Decant well before use!!” Matthew recommends this wine for its pure and intense fruit aromas. Incredibly well balanced considering its high alcohol content, “La Signora” is regularly mentioned in the same breath as the top wine from around the world.

(Recommended by Matthew Camilleri –Manager)

### **\* Alain Jaume, Châteauneuf-du-Pape, - Grenache / Syrah / Mourvedre 15% a.b.v. - €63**

Châteauneuf du Pape comes from the Southern Rhone region in France. The famous mistral winds and Mediterranean, hot, dry, sunny weather make the wine unique, giving it, character. With its full bodied, mature and high levels of tannin, Châteauneuf du Pape pairs well with red meats especially beef and lamb. This means that it combines well with most of dishes on the Chophouse menu. The great thing about Châteauneuf du Pape is that most of the wines do not need to be aged before they can be enjoyed, even though they are probably at their best between 8 and 12 years.

(Recommended by Reuben Demicoli – General Manager)

**Fontanafredda, Barolo, 'Serralunga' - Nebbiolo 14% a.b.v. - €69**

A lover of everything Italian, our managing director suggests this fantastic Barolo from Serralunga. Made from the King of Piemontese grapes, Nebbiolo, this wine is high in tannin in it's youth, making it a perfect partner for some of our aged meats. With aromas of roses and violets, this wine is highly seductive.

(Recommended by Julian Sammut – Managing Director)

**Johnny R. Saadé, 'Bargylus' – Syrah / Cabernet Sauvignon / Merlot, 14.8 a.b.v. - €70**

“Non avevo mai provato vini Siriani prima...ne sono dispiaciuto....La bottiglia di Bargylus non si presenta elaborata troppo, ma lo stile della scritta nera sull'etichetta bianca, salta subito all'occhio. Avrei risaltato di piu la provenienza, alquanto particolare e significativa, in questo momento storico”.

Massimo had the same reaction as anyone else that we have offered this wine to. “Syria? Really?” a question we have become accustomed to hearing – wine in the middle east has been produced since biblical times. What is even more predictable is the reaction once they take that first sip. With a mind-boggling 14.8 alcohol volume this wine is not for the faint hearted!

(Recommended by Massimo Manzo – Sommelier)
